

Osteogenesis Imperfecta Congenita	<i>Hooshang Taybi</i>	184
Osteogenesis Imperfecta Tarda	<i>William H. McAlister</i>	186
Osteopetrosis With Precocious Manifestations	<i>John P. Dorst</i>	188
Congenital Bowing of Long Bones	<i>Mazloun Z. Osman and Bertram R. Girdany</i>	190
Orodigitofacial Syndrome.....	<i>Robert J. Gorlin</i>	192
Otopalatodigital Syndrome	<i>Andrew K. Poznanski and John F. Holt</i>	194
Rubinstein-Taybi Syndrome.....	<i>Hooshang Taybi</i>	196
Cornelia de Lange Syndrome.....	<i>Hooshang Taybi</i>	198
Primordial Dwarfism.....	<i>William H. McAlister</i>	200
Russell-Silver Syndrome.....	<i>Andrew K. Poznanski and John F. Holt</i>	202
Down's Syndrome.....	<i>Herbert J. Kaufmann</i>	204
Trisomy 13.....	<i>Andrew K. Poznanski and John F. Holt</i>	206
Hypophosphatasia	<i>Guido Currarino</i>	208
Hypophosphatemic Familial Rickets	<i>John F. Holt and Andrew K. Poznanski</i>	210
Idiopathic Hypercalcemia.....	<i>Edward B. Singleton and Robert V. Dutton</i>	212
Pseudohypoparathyroidism (PH).....	<i>Hooshang Taybi</i>	214
Mucopolysaccharidosis I-H	<i>John P. Dorst</i>	216
Mucopolysaccharidosis IV.....	<i>John P. Dorst</i>	218
Gaucher's Disease (Cerebrosidosis)	<i>John P. Dorst</i>	220
Hypothyroidism (Cretinism)	<i>Mazloun Z. Osman and Bertram R. Girdany</i>	222
Congenital Rubella	<i>Edward B. Singleton and Robert V. Dutton</i>	224

MINOR SYNDROMES

Mesomelic Dwarfism	<i>Herbert J. Kaufmann</i>	226
Acrodysplasia—Epiphysometaphyseal (Brailsford)	<i>Edward B. Singleton and Robert V. Dutton</i>	226
Rhinotrichophalangeal Syndrome (Giedion).....	<i>Herbert J. Kaufmann</i>	227
Metaphyseal Chondrodysplasia, Type McKusick	<i>William H. McAlister</i>	227
Metaphyseal Chondrodysplasia With Malabsorption and Neutropenia (Shwachman Syndrome)	<i>Guido Currarino</i>	228

Metaphyseal Chondrodysplasia With Thymolymphopenia	<i>Guido Currarino</i>	228
Spondyloepiphyseal Dysplasia Tarda.....	<i>Frederic N. Silverman</i>	229
Spondylometaphyseal Dysplasia (Kozlowski).....	<i>Herbert J. Kaufmann</i>	229
Enchondromatosis With Hemangioma (Maffucci's Syndrome)	<i>William H. McAlister</i>	230
Osteoectasia With Hyperphosphatasia.....	<i>Mazloun Z. Osman and Bertram R. Girdany</i>	230
Pyknodysostosis	<i>Frederic N. Silverman</i>	231
Tubular Stenosis (Kenny-Caffey)	<i>Mazloun Z. Osman and Bertram R. Girdany</i>	231
Oculomandibulofacial Syndrome (Hallerman-Streiff-François)	<i>Frederic N. Silverman</i>	231
Cervico-Oculo-Acoustic Syndrome (Wildervanck)	<i>Frederic N. Silverman</i>	232
Oculovertebral Syndrome (Weyers)	<i>Robert J. Gorlin</i>	232
Spondylocostal Dysostosis	<i>William H. McAlister</i>	232
Pancytopenia—Dysmelia Syndrome (Fanconi)	<i>William H. McAlister</i>	233
Phocomelia.....	<i>John P. Dorst</i>	233
Bird-headed Dwarfism (Virchow).....	<i>Robert J. Gorlin</i>	234
Bloom's Syndrome	<i>Frederic N. Silverman</i>	234
Cockayne's Syndrome	<i>Edward B. Singleton and Robert V. Dutton</i>	235
Geroderma Osteodysplastica	<i>Robert J. Gorlin</i>	235
Leprechaunism	<i>Frederic N. Silverman</i>	235
Progeria (Hutchinson-Gilford Syndrome).....	<i>Robert J. Gorlin</i>	236
Spherophakia-Brachymorphia Syndrome (Weill-Marchesani)	<i>Robert J. Gorlin</i>	236
Cat-Cry Syndrome	<i>Edward B. Singleton and Robert V. Dutton</i>	237
18p Minus Syndrome	<i>Robert J. Gorlin</i>	237
18q Minus Syndrome (Long Arm 18 Deletion Syndrome)	<i>Robert J. Gorlin</i>	237
G Deletion Syndromes	<i>Robert J. Gorlin</i>	238
Noonan's Syndrome (Pseudo-Turner, Male Turner, XX and XY Turner Phenotype)	<i>Robert J. Gorlin</i>	238

Trisomy 18 Syndrome	<i>Edward B. Singleton and Robert V. Dutton</i>	239
Turner's Syndrome (Gonadal Dygenesis)	<i>Mazloun Z. Osman and Bertram R. Girdany</i>	239
Mucopolysaccharidosis I-H/S	<i>John P. Dorst</i>	240
Mucopolysaccharidosis I-S	<i>John P. Dorst</i>	240
Mucopolysaccharidosis II	<i>John P. Dorst</i>	241
Mucopolysaccharidosis III	<i>John P. Dorst</i>	241
Mucopolysaccharidosis VI	<i>John P. Dorst</i>	242
The Mucopolysaccharidoses	<i>John P. Dorst</i>	242
Campomelic Dwarfism	<i>Andrew K. Poznanski and John F. Holt</i>	243
Celiac Disease (Gluten-induced Enteropathy)	<i>Mazloun Z. Osman and Bertram R. Girdany</i>	243
Cephaloskeletal Dysplasia	<i>Hooshang Taybi</i>	244
Cerebrohepatorenal Syndrome (Zellweger's Syndrome)	<i>Andrew K. Poznanski and John F. Holt</i>	244
Chondrodysplasia Metaphysaria	<i>Robert J. Gorlin</i>	245
Dubowitz Syndrome	<i>Robert J. Gorlin</i>	245
Kniest's Disease	<i>Robert J. Gorlin</i>	246
Larsen's Syndrome	<i>William H. McAlister</i>	246
Mietens-Weber Syndrome	<i>Robert J. Gorlin</i>	247
Oculocerebral-Renal Syndrome (Lowe)	<i>Guido Currarino</i>	247
Osteochondromuscular Dystrophy (Schwartz-Jampel Syndrome, Chon- drodystrophic Myotonia)	<i>Robert J. Gorlin</i>	248
Parastremmatic Dwarfism	<i>Herbert J. Kaufmann</i>	248
Prader-Willi Syndrome	<i>Herbert J. Kaufmann</i>	249
Shawl Scrotum Syndrome (Aarskog-Scott Syndrome)	<i>Robert J. Gorlin</i>	249
Smith-Lemli-Opitz Syndrome	<i>William H. McAlister</i>	250
Stanescu's Dysplasia	<i>John P. Dorst</i>	250
Whistling Face Syndrome (Cranio-Carpo-Tarsal Dystrophy, Freeman- Sheldon Syndrome)	<i>Andrew K. Poznanski and John F. Holt</i>	250

SUBJECT INDEX

No. 4: The Acute Abdomen Part II. Inflammatory Diseases

- | | |
|--|--|
| <p>Abscess</p> <p> intraabdominal</p> <p> appendiceal, 427</p> <p> subphrenic, 371</p> <p> <i>See also</i> Liver abscess, Extraperitoneal infection</p> | <p>Aerophagy, 440</p> <p>Air contrast study, 381</p> <p>Air-fluid level, 370, 376, 433, 453, 458</p> <p>Amebiasis, 427</p> <p>Angiography. <i>See</i> Arteriography</p> <p>Appendiceal lumen, nonvisualization of, 385</p> |
|--|--|

- Appendicitis, acute, diagnosis of, 375-388
barium contrast studies in, 380, 387
cecum in, 376, 380-383
clinical diagnosis, 375
gas in, 379
pathology, 375
plain film of abdomen in, 376
peritoneal fat line, 380
pseudoobstruction of right ureter, 387
psoas muscle in, 379
mortality rate, 375
nonobstructive, 384
segmental, 385, 386
small bowel obstruction in, 380
stones in, 378
stump appendicitis, 385, 386
terminal ileum in, 376
- Appendix, normal, 383
- Arteriography
acute cholecystitis, 393
diverticulitis, 420
liver abscess, 371, 402
pancreatitis, 413
- Ascaris lumbricoides*, 397, 399
- Barium contrast studies
appendicitis, 380, 387
diverticulitis, 421
extraperitoneal infection, 453
pancreatitis, 410
toxic megacolon, 433, 434
- Blunt trauma, 458
- Chest film
diverticulitis, 420
liver abscess, 400
pancreatitis, 408
- Cholangitis, acute, 396-398
choledocholithiasis in, 396
helminthiasis, 397
plain film of abdomen in, 396, 398
- Cholangiography, intravenous, 397, 398
- Cholecystitis, acute, 389-396
arteriography in, 393
complications of, 395-396
emphysematous, 392
gallbladder enlargement, 390
gallstones in, 389
gangrenous, 395
incidence, 389
internal biliary fistula in, 395-396
pathology, 389
perforation, 395
plain film of abdomen, 389
- Cholecystography, 392
intravenous, 392, 413
oral, 392, 412
tomography, 392
total body opacification with tomography, 393
- Crohn's disease, 423, 427, 428, 454
- Colon cut-off sign, 407
- Diaphragm, elevation in subphrenic abscess, 371
- Diverticulitis, acute, 415-431
arteriography in, 420
barium contrast studies in, 421
chest film in, 420
clinical features, 415-416
differential diagnosis, 423-424
mortality rate, 415
pathology, 416-418
plain film of abdomen in, 420
therapy, 425-426
- Diverticular disease, other areas, 426-429
appendix, 427
cecum, 426
duodenum, 428
jejunum and ileum, 427
rectum, 426
small intestine, 427
- Duodenography, hypotonic, 397, 412
- Endometriosis, 424
- Extraperitoneal infection, acute, 445-464
barium contrast studies in, 453
clinical considerations, 452-453
emphysema, 457
pancreatitis, 464
pathways of flow, 450-452
pararenal space abscess
anterior, 453-457
posterior, 461
perirenal space abscess, 457-461
- Extraperitoneal space, anatomy of, 445-450
- Fat stripes, 370
- Flank stripe, 380, 447, 450, 451, 457, 464
- Fluid level. *See* Air-fluid level
- Fluoroscopy of diaphragm, 371
- Free air in peritoneum. *See* Pneumoperitoneum
- Frostberg sign, 380, 381, 410
- Gas, extraalimentary, 373
in abscess, 367
intramural, 370
linear, 453
loculated, 369
mottled, 366, 367, 453, 459
- Gas in appendix, 379
- Gastroenteritis, acute, 377
- Gastroscopy causing pneumoperitoneum, 440
- Granulomatous colitis, ileocolitis. *See* Crohn's disease

- Hepatobiliary disease, acute, 389-403
Hirschsprung's disease, 435
Hydrogen peroxide enema causing pneumoperitoneum, 441
Hyperlipidemia and pancreatitis, 405
Hyperparathyroidism and pancreatitis, 405
Hypotonic duodenography, 397, 412
- Idiopathic pneumoperitoneum. *See* Pneumoperitoneum, spontaneous
Ileocecal valve incompetence, 407
Ileus
 adynamic or paralytic, 366, 380, 406
 appendiceal, 377
 focal. *See* Sentinel loop
Infarction of bowel, 424
Intraabdominal abscess, 365-374
 anatomy, 365
 appendiceal, 375, 427
 mortality rate, 365
Internal biliary fistula in acute cholecystitis, 395-396
Irritable colon syndrome, 417, 424
- Laminography, 457
Letter from the editor, 361-363
 "Radiologist on the Rocks," 361-363
Liver abscess, 399-400
 arteriography in, 371, 402
 chest film in, 400
 plain film of abdomen in, 400
 pyogenic, 399
 amebic, 400
Liver scan, 371, 401
- Meckel's diverticulum, 427, 428
Megacolon, toxic. *See* Toxic megacolon
Mesenteric adenitis, 386
- Necrosis, intestinal, 370
- Obstruction, small bowel, 380
 mechanical, 366
- Pancreatitis, acute, 405-414
 arteriography in, 413
 barium contrast studies in, 410
 chest film in, 408
 emphysematous, 405, 406
 etiology of, 405
 hereditary, 405
 plain film of abdomen in, 405
Paracolic gutter, 365
Peritoneal fluid, 373
Peritonitis, generalized, 372-373, 375, 436
Plain film of abdomen
 appendicitis, 376
 cholecystitis, 396, 398
 cholelithiasis, 389
 diverticulitis, 420
 extraperitoneal infection, 453
 liver abscess, 400
 pancreatitis, 405
 toxic megacolon, 433
Plate-like atelectasis, 410
Pleural effusion, 365, 371
Pneumatosis cystoides intestinalis, 440, 441
Pneumoperitoneum, 373, 380, 437-443
 absorption of, 437
 postoperative, 437-438
 spontaneous, without peritonitis, 438-441
Pneumoperitoneum, spontaneous, origin via
 female genital tract, 439
 gastrointestinal tract, 400
 gastroscopy, 440
 hydrogen peroxide enema, 441
 pneumatosis cystoides intestinalis, 441
 respiratory tract, 441
Pyelography
 intravenous, 453, 461
 retrograde, 461
- Reversed 3 sign. *See* Frostberg sign
- Scleroderma, 424
Sentinel loop, 391, 392, 406, 408
Sphincter of Oddi, 396, 398
"Sympathetic" pleural effusion in subphrenic abscess, 365
- Toxic megacolon, 433-436
 barium enema examination in, 433, 434
 mortality rate, 436
 plain film of abdomen in, 433
 ulcerative colitis as a cause, 433
- Tuberculosis
 colon, 427
 kidney, 458
- Ultrasound, 393, 402, 413

Seminars in Roentgenology

Topics Published, 1966-1973

Volume I, 1966

1. January: Left-to-Right Cardiac Shunts
2. April: Reversible Diseases of the Small Intestine
3. July: Solitary Lesions of Bone, Part I
4. October: Solitary Lesions of Bone, Part II

Volume II, 1967

1. January: Alveolar Diseases of the Lung
2. April: Renal Hypertension
3. July: The Pneumoconioses
4. October: The Pulmonary Vasculature

Volume III, 1968

1. January: Inflammatory Diseases of the Colon
2. April: The Paranasal Sinuses
3. July: The Pancreas
4. October: Congenital Cyanotic Heart Disease

Volume IV, 1969

1. January: The Mediastinum
2. April: Roentgenology of the Temporal Bone
3. July: Gynecologic Radiology
4. October: The Myocardium

Volume V, 1970

1. January: Fungus Diseases of the Lungs
2. April: A Primer of Intracranial Pneumography
3. July: Radiology of Diseases of the Arteries
4. October: The Foot

Volume VI, 1971

1. January: A Primer on Cerebral Angiography
2. April: Localized Lesions of the Stomach
3. July: Infections of the Urinary Tract
4. October: Radiology of the Jaws

Volume VII, 1972

1. January: The Infant Chest, Part I
2. April: The Infant Chest, Part II
3. July: The Spinal Canal
4. October: The Coronary Arteries

Volume VIII, 1973

1. January: The Coronary Arteries, Part II and Soft Tissues of the Extremities
2. April: Dwarfs and Other Little People
3. July: The Acute Abdomen, Part I. Bowel Obstruction
4. October: The Acute Abdomen, Part II. Inflammatory Diseases

All of the above are available from the Publisher.
